

Concert Dance Conservatory

Studio COVID Guidelines & Policies

VACCINATION/FACE MASKS

All students, faculty members and attending parents, siblings and friends will need to **wear a mask while inside the studio.**

Currently recommended only. Mandates may be reinstated at any time depending on community risk levels or public health guidelines.

Now that COVID-19 tests are more widely available, COVID-positive students and staff must provide proof of either a negative PCR Test result, or 2 negative Rapid Test results within 24-48 hrs of one another, before they may return to the studio.

ZOOM CLASS GUIDELINES

(If Applicable)

SOCIAL DISTANCING

Every individual needs to **remain 6' apart from people who are not part of their household**, whether waiting, observing or dancing. We ask that each family prepare their young dancer for the idea of social distancing.

TAKE YOUR DANCER'S TEMPERATURE

We ask that each family take their dancer's and attending parent's temperature before arriving for each class. If you or your child have a fever, or if any of your household's family members are sick, please remain at home.

NOTIFY & SELF-QUARANTINE

PLEASE NOTIFY CONCERT DANCE CONSERVATORY IMMEDIATELY if your dancer or anyone in your immediate family becomes infected with COVID so that we can contact trace and quarantine as necessary. **PLEASE HAVE YOUR DANCER SELF-QUARANTINE IF THEY OR ANYONE IN THE FAMILY TEST POSITIVE FOR COVID-19, EVEN IF A MILD CASE OR ASYMPTOMATIC.**

HAND-WASHING/HYGIENE

Students should pay special attention to personal hygiene AND HAND WASHING during this time and should refrain from using the studio's amenities, when possible.

BRING WATER BOTTLE

We encourage each dancer to bring their own water bottle with them to each class to diminish the use of our public water fountain.

LIMIT RESTROOM USE AT STUDIO

We encourage dancers to use the restroom in their homes before attending their dance class. If a student does need to use our studio restroom, parents will need to accompany them and wipe down the facilities with Clorox wipes after use.

LIMIT NUMBER OF EXTRA PEOPLE IN STUDIO

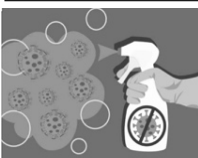

For Pre-Dance/Pre-Ballet Students, Ages 3-5: We ask that 1 parent per family stay with their child during class. No additional parents, friends or family members, please. Any siblings who are not part of the class should remain at home or outside of the studio/in the family vehicle with a parent.

ALL OTHER CLASSES/AGES: Family members and friends should drop off and pick up their students and should remain outside. No in-studio observation or loitering.

LIMITED CLASS SIZES

Not applicable at this time

INCREASED DISINFECTING

The 15 minute increments between student groups allow for studio disinfecting. A surface contact time of 10 minutes is needed for the disinfectants to be effective against viruses. For this reason, please **do not drop your dancer off more than 5 minutes before their class start time.**

• A Zoom vs. In-Studio Assignment Schedule will go out before each week of classes.

• It is the responsibility of each student and family to keep track of their assignments.

• Students who are scheduled for Zoom classes but show up at the studio will be sent home to attend classes via Zoom.

• Please notify the studio immediately if you will not be able to attend in studio on the day(s) to which you are assigned.

• Any student may attend all classes via Zoom if they prefer. Simply notify us of your preference.

• Students may NOT record live video or still images of any class or rehearsal content and may not post any class or rehearsal content on social media.

• Students may NOT share any class links with anyone who is not an enrolled student at CDC.

All of the above precautions are being taken for the safety of our dancers, faculty members, families and surrounding community and are based on CDC, WHO, Dept of Health, covidactnow.org and medical expert recommendations.
